

KEY PLAN

The Town of Fort Erie has finalized the design for the Improvements on Ridge Road between Dominion Road and Farr Avenue. This project is a result of the Town's successful application under the Infrastructure Stimulus Fund.

This project is scheduled to begin construction in early April and consists of the replacement of aging watermains and sanitary sewers as well as the design and construction of new storm sewer works. In addition, significant streetscaping elements have been incorporated into the final road rehabilitation, including the Market area at Civic Square.

The Town invites members of the public to meet with the Project Team and review the scope of the pending works at a Public Information Centre (PIC) being held as follows:

Wednesday March 10th, 2010
6:00 p.m. to 8:00 p.m.

Town of Fort Erie Municipal Centre
1 Municipal Centre Drive
Fort Erie, ON L2A 2S6

If you are unable to attend the PIC, but have comments or questions regarding the project, please contact either of the following:
